

Paris – September 7, 2017

- **Payment of the interim dividend of €0.25 per share on September 29, 2017**
- **Option to reinvest in new shares at an issue price of €22.30 per share**
- **Reinvestment period runs from September 13 to September 21, 2017**

On September 6, 2017, the Board of Directors has decided, after having noted that the conditions for the lawfulness set forth in article L. 232-12, al. 2 of the French commercial code are met and that the statutory auditors issued a favorable opinion, the payment of an interim dividend of €0.25 per share - up 25.0% on the interim dividend paid in September 2016. In accordance with the fifth resolution of the Annual General Meeting of April 20, 2017, such interim dividend may be paid either in cash or new shares at the discretion of the shareholder.

The interim dividend of €0.25 per share will be paid on September 29, 2017.

Shareholders who opt to reinvest their interim dividend must notify their bank or broker between September 13, 2017 (the ex-dividend date for the interim dividend) and September 21, 2017. Shareholders who do not exercise this option by September 21 will be paid their interim dividend in cash.

Shareholders will receive a reinvestment form by post describing the procedure and indicating the number of shares their dividend amount entitles them to purchase. The form will be sent either by their bank or broker, if they hold their shares in bearer form or have registered them with said bank or broker, or by BNP Paribas Securities Services, if their shares are registered with Chargeurs.

Once completed and signed, the form must be returned to the bank or broker in charge of managing their shares before September 21, 2017.

If the amount of the reinvestable dividend does not correspond to a whole number of shares, each shareholder will receive the lower whole number of shares and the balance of the dividend in cash.

The resulting new shares of Chargeurs common stock will be issued and settled on September 29, 2017. They will carry dividend rights from January 1, 2018 and application will be made for them to be listed on the NYSE Euronext Paris stock exchange.

Shareholders who prefer not to reinvest will be paid their interim dividend in cash on September 29, 2017.

Up to 260,196 shares may be issued in connection with the interim dividend reinvestment option, representing a maximum 1.1% of Chargeurs' share capital as of August 31, 2017.

Issue price of the new shares

In accordance with article L. 232-19 of the French Commercial Code and the decision of the Board of Directors on September 6, 2017, the issue price of the new shares delivered as payment for the interim dividend would be set at 95% of the average of the opening prices quoted for Chargeurs' shares during the twenty trading days preceding the date of this Meeting, less the amount of the interim per-share dividend and rounded up to the nearest euro cent, ie **€22.30 per share reflecting a 5% discount**.

Dividend calendar:

- Reinvestment period ends: September 21, 2017
